Dr. Ryan Lewis, Director  
Instructional Services 7-12

Dear Parent/Guardian:

California law (AB 329) requires sexual education in all California public secondary schools. It has come to our attention that the below form about sexual education was not received by all Poly High School parents/guardians. If you would like to opt out of the program, please submit this form to Jim Vaughn, Assistant Principal, before classes resume on October 13<sup>th</sup>, 2016.

## State Mandated Health Curriculum Parent Notification Form

In accordance with California legislation AB 329 your child will be receiving education regarding human development and sexuality, including education on pregnancy, family planning, and sexually transmitted diseases. Additional topics include relationships, gender and gender identity, sexual assault, abuse, adolescent relationship abuse, intimate partner violence, and sex trafficking. The information is being provided by the Riverside Community Health Foundation and is presented to the students in an age appropriate, non-threatening environment. The class is presented in four days. The accuracy and reliability of the facts presented to your child will adequately prepare them to make educated decisions about their health.

**You must complete this notification if you do not want your child to participate in this program.**

**No, I do not want my child to participate in health education in compliance with AB329.**
